AUTONOMY REJECTED

Latest Proclamation Issued by General Maximo Gomez.

THE WAR WILL BE CARRIED ON,

Insurgents Have but One Object in Fighting and That Is Independence—One of Spain's Charges Denied—Same Old Stories Retold From Havana—Horrors of a Spanish Prison in Cuba.

NEW YORK, Dec. 15.—T. Estrada Palma, representative of the Cuban provisional government, has received from General Maximo Gomez a copy of a proclamation he has recently issued, rejecting autonomy. The document, which is addressed to the army of liberation, reads:

"Patriot soldiers, who are fighting for the emancipation of the Cuban people: General Blanco, the substitute of the bloodthirsty Weyler, who despises and threatens us, comes to establish new features in this war. He says so in his proclamation to the country and to the army, but we do not require to make any changes, and the war will be carried on by us just the same as we commenced it, since all my circulars are in accordance with civilized warfare. Everything that helps the enemy must be destroyed, and everything that seems to harass him must be accomplished. This is our right."

"Our purposes have been well defined and sufficiently proclaimed to the world. We aim at the independence of country. Cuba for Cubans, America for Americans.

"To attain these high and honorable results we rely on our pledged honor, the possession of the island and the lapse of time. Resources to carry on the struggle will spring forth from our resistance. The hopes of Spain to subdue us are already blasted. General Blanco represents her last and final resort."

SPAIN ANSWERED.

One of the Charges Made By Spain Can Be Refuted.

NEW YORK, Dec. 15.—A special to The Herald from Washington says: After an investigation extending over a year and a half, the treasury department is prepared to deny the charge made by Spain that this government is responsible for one of the filibustering expeditions alleged to have been taken to Cuba by the steamer Three Friends.

The report of the legal adviser of the Spanish legation states that on July 17, 1896, the Three Friends left Jacksonville, and that though the Jacksonville authorities were warned, no steps were taken to prevent the expedition. The Three Friends succeeded in getting away from Jacksonville and the collector was removed for inefficiency.

A report received from the Jacksonville collector expresses grave doubt that at the time mentioned the Three Friends really conveyed an expedition to Cuba. Attention is called to the fact that at the time of the alleged expedition the Three Friends was under libel proceeding. The collector also states whether or not the Three Friends really violated the neutrality laws, the Spanish vice consul at Jacksonville was responsible for the failure of the United States authorities to capture her.

OLD STORIES RETOLD.

Blanco Editing Dispatches Just Like Weyler Did.

HAVANA, Dec. 15.—The insurgents dynamited the railroad between Canas and Dagaime, province of Pinar del Rio, destroying the track and wrecking the engine of a freight train. A force of troops with a repairing gang was sent to the scene of the outrage, where they found a dynamite bomb and arrested the men who caused the explosion. The line was repaired.

The insurgents attacked the landing place at Gibara, province of Santiago de Cuba, but were repulsed with loss, according to the official report. They are also said to have fired upon the town of Cupecillas, without result.

General Pando is still directing the operations of the gunboats in the river Canto, province of Santiago de Cuba, but he has been unable to arrive at the Canto landing place, owing, it is officially stated, to an obstacle in the river.

Reports received here from Manzanillo say it is reported that Calixto Garcia, the insurgent leader, has committed suicide. The report is not believed here, even in official circles.

REVOLTING TORTURES.

French Citizen Just Released From a Spanish Prison Reaches New York.

NEW YORK, Dec. 15.—Captain Victor Dumas, a French citizen, and a surgeon in the Cuban army, has arrived here in the steamship Orizaba from Havana. He was recently released from San Severino castle, in Matanzas, where he had been confined as a prisoner of war. He was shot through the head in an engagement with the Spanish troops and captured, and sentenced by court-martial to be shot. The French consul appealed in his behalf and obtained the prisoner's pardon.

Captain Dumas explained to his friends that, cruel as the treatment of Cuban prisoners may be in other prisons in Cuba, the tortures inflicted upon prisoners at San Severino are too revolting for description.

LONDON, Dec. 15.—Professor Arthur Palmer, L.L.D., D.C.L., of Trinity College, Dublin, is dead, at the age of 66.

MORGAN'S LAST DAY.

Farewell Taken of His Wife and Little Baby.

RIPLEY, W. Va., Dec. 15.—John Morgan, who is to be publicly hanged here tomorrow, has made an additional confession and says it is the only true one he has yet made. Sheriff Shine, Morgan's wife and stenographers were the only ones present. The confession has not yet been made public. Morgan's wife came for the last time to see her condemned husband. It was a very touching scene when they met.

Morgan asked Sheriff Shine to let him have his baby in the cage, which he did for a short time. He then requested his wife to bury him near her father's place. He then gave his wife the balance of the money he had left, to the amount of \$33.60, and asked her to try and raise the boy right and to keep him out of bad company.

Going to the Hanging.

POMEROY, O., Dec. 15.—People from this county have already begun going to Ripley, W. Va., to attend the execution of John Morgan. There will be several hundred in attendance from Meigs. Ripley is a prohibition town and every express from here now carries jugs of liquor for the occasion in connection with the holiday festivities soon to follow.

INDIANA LYNCHERS.

Governor Blount Has Their Names Down in Black and White.

INDIANAPOLIS, Ind., Dec. 15.—Governor Mount has in manuscript the names of the men who, according to Peter Hostutler, made up the mob that lynched the five men who, according to Peter Hostutler, who, acting a decoy in the employ of Ripley county, brought about the arrest of the men who were lynched.

Having failed to collect from the county \$250 which he says he was promised in case he secured the capture of the thieves, he now appears in the role of the friend of the relatives of the men whose lives were taken and proposes to do what he can toward bringing the lynchers to justice. It took him two hours to lay before the governor the information in his possession.

AN ATTEMPT AT MURDER.

Shot Fired Through the Kitchen Window at Mrs. Nelson Marsh.

ELWOOD, Ind., Dec. 15.—The authorities are investigating what appears to have been an attempt to murder Mrs. Nelson Marsh, living southwest of the city, near Frankton. While Mrs. Marsh was working in the kitchen, the report of a revolver sounded near by, and a bullet crashed through the glass in the door. The bullet struck her side and penetrated her clothing, making a red mark on the flesh.

She was momentarily shocked. Upon recovering, she took a look around the house, but no one was in sight. The bullet was found and proved to be a .32-caliber. Further search was made for a clew as to the perpetrator, and a man's tracks were found.

TURNING OVER THE TURNPIKES.

HARRISBURG, Ky., Dec. 15.—At a meeting of the fiscal court 100 miles of dividend-paying pikes were turned over to the county free of cost. The committee on the dividend-paying roads reported on but three roads before adjournment. They were propositions from the Frankfort, Harrisburg and Crab Orchard road for the 18 miles in this county, which was offered for \$14,500; the Lexington and Harrisburg Pike, 19 miles, at \$13,600, and the Harrisburg and Burgin, five miles, at \$4,750.

PITCHED BATTLE WITH THIEVES.

TIPTON, Ind., Dec. 15.—A pitched battle was fought between thieves and a number of residents of Groomsville. The burglars were discovered in a store, and it was surrounded, after which a number of shots were fired. One of the robbers was wounded, but the entire gang got away by stealing a horse from a farmer nearby.

SHOT DOWN ON THE HIGHWAY.

ENGLISH, Ind., Dec. 15.—Cal Green, a young farmer living in Harrison county, got into a quarrel with Road Supervisor Huston Brown. Later they met in a public highway and Green emptied a double-barrel shotgun into Brown's body. He may recover. A bloody feud is expected.

ILLINOIS MINERS RETURN TO WORK.

ST. LOUIS, Dec. 15.—The 35 mines of the Consolidated and Madison Coal companies in the Belleville (Ills.) district have resumed operations, and 3,000 miners that have been out of employment many months returned to work. The mining companies acceded to the demands of their men.

Trial Postponed.

BARBOURSVILLE, Ky., Dec. 15.—The trial of Jesse Fields, the accomplice of Joe Adkins, for killing Combs in Perry county was continued till a special term in July set by Judge Clark to try him. Joe Adkins now rests under a sentence for life, with the case in the court of appeals.

KENTUCKY FEUD REVIVED.

PADUCAH, Ky., Dec. 15.—Alfred Shelby, a member of the noted Shelby faction in Ballard county, 20 miles from this city, shot George Jenkins to death with a Winchester yesterday. Jenkins headed the opposite faction. They met in the woods, on Gar creek, and Jenkins opened fire. There is great excitement as 200 people are involved in both sides of the feud. A number of tragedies have occurred in the past.

SPAIN BUYING A WAR VESSEL.

LONDON, Dec. 15.—The Spanish government, it is again announced, is negotiating with the Armstrongs, this time for a cruiser of 4,800 tons, said to be worth £300,000, built for Japan, but which Japan does not want. The vessel is said to be practically ready for sea.

FUNERAL AT CANTON.

The Mother of the President Laid to Rest.

A VERY IMPRESSIVE SERVICE.

Large Gathering of Mourners, Including Many Distinguished People—The Burial Took Place at West Lawn Cemetery. The President and Other Washington People Begin Their Return Trip.

CANTON, O., Dec. 15.—The last tribute of respect was paid to Mrs. Nancy Allison McKinley, the mother of the president of the United States, yesterday afternoon. The sky was murky, and heavy mist and smoke hung like a pall over the city.

The attendance of friends and distinguished people was large. Among those from abroad were Secretary and Mrs. Alger, Secretary Bliss, Secretary Wilson, Postmaster General Gary, Attorney General and Mrs. McKenna, Secretary and Mrs. Porter, Hon. R. W. Taylor and Colonel Myron T. Herrick of Cleveland.

The services at the McKinley home prior to the public funeral were simple and in keeping with the unostentatious life of the one in whose honor they were held. Rev. Dr. C. E. Manchester, who was "Mother" McKinley's pastor for several years, was in charge. He was assisted by Rev. Dr. McAfee, pastor of the Broad Street Methodist Episcopal church, Columbus, where the president worshipped when he was governor of Ohio.

The public services were held in the First Methodist Episcopal church. In this church "Mother" McKinley worshipped for many years.

About 1 o'clock the funeral cortège moved from the house to the church. The streets were lined with people the entire distance. Business houses were closed, court was adjourned and schools dismissed. The sacred desk in the church was almost hidden with floral tributes.

When the cortège arrived at the church the Aeolian quartet chanted "Still, Still With Thee" and "Lead Kindly Light."

Rev. E. P. Harbuck offered the opening prayer, and Rev. John M. Hall of Trinity Lutheran church read the Scripture lesson. Hymns were read by Rev. Dr. Milligan of the Presbyterian church and Rev. Mr. Roper of the Baptist church. The eulogy was pronounced by Rev. Dr. McAfee of Columbus.

The interment was at West Lawn cemetery. The exercises at the grave were very short and simple. The casket was tenderly lowered into the grave by the pallbearers and the simple lithurgy service of the Methodist Episcopal church was read responsively by Presiding Elder E. D. Holtz of this district and Rev. E. C. Manchester, Rev. McAfee of Columbus pronouncing a benediction.

Yesterday evening the cabinet officers and other distinguished officers, except the McKinley family, took dinner at the home of Mrs. George D. Hartner. The president and the immediate family remained at the old homestead until train time.

The special train, on which the Washington party came, left at 8:30 o'clock in the evening, the president's car "Newport" being attached.

MINISTER'S LIFE IN DANGER.

Friends of Murderer Durant Hounding the Rev. George Gibson.

SAN FRANCISCO, Dec. 15.—The Examiner says: The police and the people of Emmanuel Baptist church believe the life of Rev. George Gibson, Duran's former pastor, is in danger. The police have warned the reverend gentleman to protect himself against the possibility of harm. The warning has been heeded and Dr. Gibson is protected day and night.

One of the members of his congregation has volunteered his services as a bodyguard and the police will detail an officer to attend every public service at Emmanuel church. Since the murder in the church many attempts have been made to cast suspicion on the pastor and his refusal to be drawn into the case, even as Duran's spiritual adviser, has caused much comment.

LEFT HIM NEARLY NAKED.

How Bad Men Treat Their Rural Brethren in Kansas City.

KANSAS CITY, Dec. 15.—G. W. Gammon, a farmer from Blue Springs, Mo., had a chilly experience with foodpads in Kansas City last night. While he was crossing the Santa Fe freight yards at Nineteenth and Liberty streets, three men stood him up between two lines of freight cars and literally stripped him.

When the robbers departed Mr. Gammon was left with just two pieces of underwear, even his stockings having been taken. He ran barefooted through the deep snow to a switchman's shanty in the yards. There he was given a pair of overshoes and at a neighboring saloon he was given clothing enough to permit of his going to a police station to tell his troubles. The robbers secured \$38 in money.

FEELS THE BULLET HOLE IN HER SUICIDE Husband's Head.

KANSAS CITY, Dec. 15.—Charles Birnbaum, aged 55 years, once a wealthy mine owner, shot and killed himself at his home here, despondent over business reverses and ill-health. Mrs. Birnbaum, who is blind, was the first to discover her husband after he had shot himself.

She had entered his room and failing to receive a reply to a question placed her hand on his head. One of her fingers touched the spot where the bullet had entered Birnbaum's forehead and she screamed and fainted as she realized what had taken place. He died before medical aid could reach him. Birnbaum was a Hebrew. He amassed a fortune in Sonora, old Mexico, and Pueblo, Colo., which had slipped away from him, and brooding over it caused him to commit suicide.

NEW PHILADELPHIA, Dec. 15.—Judge J. H. Barnhill, one of the pioneers and most prominent lawyers of Tuscarawas county, was stricken with apoplexy in his office in this city yesterday afternoon and died at his home about midnight.

PROMINENT OFFICIAL DEAD.

XENIA, O., Dec. 15.—John W. Manor,

BACK FROM CANTON CITY.

Two Days Later News Than Brought by Jack Dalton's Party.

PORT TOWNSEND, Wash., Dec. 15.—The steamer Alki has arrived with 40 passengers, nearly all of whom are from Lyea, Skagway or Sumdum. The Alki brought one man, Hearn, from Dawson City. Hearn and seven others left Dawson two days after Jack Dalton's party, but six of the party turned back after 10 days travel up the river and Hearn and one other man came on to Juneau via Chilkoot pass. Hearn came on south, leaving his partner in Juneau. He has nothing to report from Dawson in addition to news brought out by Dalton's party.

COLUMBUS, O., Dec. 15.—The coal miners of Ohio have long felt that they have a grievance against the mine owners, in that they are only paid for the mining of such coal as shall pass over a screen. The fine coal that may pass through the screen represents a total loss of labor to the digger. Yet a great deal of this fine coal is made by the operator to yield a profit to him.

The men of the picks have never been able to get satisfaction through conferences with their employers, and now propose to try other means. Hon. John P. Jones of North Lawrence, one of the representatives-elect from Stark county, will champion their cause. He will introduce at the coming session of the legislature a bill to compel the payment of the miners for the coal before it shall be screened.

Mr. Jones came up from the coal mines himself, and, therefore, is well fortified with argument in support of his proposed measure.

DO AWAY WITH THE CANALS.

A BILL TO THAT EFFECT WILL BE INTRODUCED IN THE COMING LEGISLATURE.

COLUMBUS, O., Dec. 15.—The canal investigating committee, empowered by the legislature to make a report on the future of the Ohio canals, listened to Senator Dodge's plan of disposing of them. The senator explained in detail the bill he will introduce into the legislature to sell portions of the canals, lease others to steam railroads, and with the money thus secured build electric railroads along the highways, the state to own the road and furnish power, but to let companies or private individuals own and operate the cars.

The friends of the canals are rallying to their support now and protest after protest is being made against abandonment.

TRAGEDY IN TOLEDO.

TOLEDO, Dec. 15.—Otto Lemke, aged 22, and his sister, a few years younger, were found dead in their beds yesterday and in an adjoining room the father of the two children was found in a dying condition. Escaping coal gas from an anthracite heating stove was the cause of the tragedy. The father, whose name is Fred Lemke, is still in a critical condition and but little hope of his recovery is entertained. A married daughter who happened to call at the house, made the discovery.

POSTOFFICE ROBBED.

MIDDLETOWN, O., Dec. 15.—The postoffice at Posttown, two miles north of here, was robbed late yesterday afternoon. During the temporary absence of Peter Post from his store, where the office is located, some one came in through the back door and took \$41 from the cash drawer. This office has been robbed of small amounts on several other occasions.

INSTANTLY KILLED WHILE HUNTING.

BEAVER DAM, O., Dec. 15.—Alfred Hochstettler was instantly killed here yesterday by Jacob E. Sonney, his brother-in-law, while quail hunting.

The men became separated in a thicket when the dog flushed a covey. Sonney fired into the covey, nearly the entire charge taking effect in Hochstettler's heart. The coroner is investigating the case.

REPUBLICANS who now oppose the civil service so bitterly would be just as strongly in favor of the law were the offices in their possession. Why do the heathen rage?

DURING the first four months of the Wilson law the custom receipts amounted to nearly \$50,000,000. During the first four months of the Dingley law the receipts were not quite \$35,000,000. The Wilson bill was all right.

Wherever plenty of water is there electric light, heat and power can be generated, whether there be any great quantity of coal or other fuel or not. A waterfall will turn machinery anywhere, and the machinery will run a dynamo. This use of water power is now extensively made in Central and South America and Mexico, likewise in some of our southern states. In Alaska and on the land route to the goldfields the rapids of the great Yukon and its tributaries might speedily be utilized to run electric cars and supply power and light as well as heat. It is much to know that wherever water flow is there man has the means of lighting and warming himself and running cars, mills and factories.

Organization is the order of the day. It is the sign of the times. Those whose interests lie along the same path are uniting everywhere. They consult together; they form clubs; they hold conventions, at which measures are taken to strengthen the bond of union and to forward the interests of all the members as of one man. The solidarity of the race is showing itself. The original truth that all mankind are brethren and that the good of one and the good of all is identical shines sun clear as the nineteenth century vanishes and the twentieth steps upon the scene with its glad young face and elastic step. Surely this universal tendency to organization among men and women is the foreshadowing of better things to come, the portent of that time when all mankind, rich and poor, will be organized into one great union, the interests of whose members will be the same.

New Use For Peanuts.

A new use for peanuts is developing as the peanut butter industry becomes better understood. The product of the peanut answers in the place of ordinary butter for the table use, and is said to be excellent for shortening purposes, and for gravies, sauces, &c. In point of purity it is well designed for the use of vegetarians who strenuously object to anything animal. There is already a considerable demand for this butter substitute, and it is very probable there will be an enlarged market for the nuts. At present the product of the United States is about 500,000 bags annually, and that of the world is 600,000,000 pounds.

A rat trap operated by electricity is one of the late inventions. It entices the rodents into its little parlor by the sight of tempting bait. As they enter the parlor they are trapped completely. In a restaurant where the invention was tried 123 rats were caught in one night, it is said. That restaurant must have been an awfully ratty place.

COMPARISON

Of New Tobacco Grown by H. Holbrook,

Of Scott County, Gives Some Valuable Information—Louisville and Cincinnati Prices.

[Western Tobacco Journal.]

The following is a comparison sale of new tobacco, grown for John H. Carson, by H. Holbrook, of Georgetown, Scott County, Ky. This crop, consisting of 17 hds., was divided between the Bodmann House, of Cincinnati, and Rice & Turner, of Louisville.

Eight hds., consisting of two hds. bright leaf, one hhd. long red, one hhd. short red, one hhd. lugs, two hds. trash and one hhd. spodge, were shipped to Louisville and sold December 8. Nine hds., consisting of two hds. bright leaf, one hhd. long red, one hhd. tips, two hds. lugs, one hhd. trash and two hds. spodge, were shipped to Cincinnati and sold December 9th.

The average price realized in Louisville was \$10.70, while that in Cincinnati, with one hhd. more of spodge than was shipped to Louisville and one tip hhd. instead of short red, was \$12.01. The following is a comparison of the prices on the individual hogsheads:

Cincinnati.	Prices.
Bright leaf.....	\$16.75 and 16.75
Color lugs.....	14.75 and 13.75
Long red leaf.....	13.75
Color trash.....	9.35
Spodge.....	7.70 and 7.00
Short tips.....	8.00
Short red.....	
Louisville.	Prices.
Bright leaf.....	\$14.50 and 14.00
Color lugs.....	10.75
Long red leaf.....	12.75
Color trash.....	9.90 and 8.70
Spodge.....	5.60
Short tips.....	
Short red.....	9.50

The comparison should satisfy the shippers of tobacco that Cincinnati is very much "in it," and that Cincinnati is the market for new tobacco, with facilities superior to any other market. Farmers contemplating the early marketing of their tobacco should be convinced by the above true comparison and not be misled by shipping to any other market.

The Bodmann, established in 1852, has been time-tried and fire-tested, and nowhere can a farmer obtain better security than at this house. L. T. Anderson, Jr., solicitor of this house, can be seen weekly at Central Hotel, Maysville, Ky. He has represented the "old reliable" for the past fifteen years in the Mason County district and refers to any reputable farmer of the county as to his competency in representing tobacco entrusted to his care.

THE marriage of Miss Rebecca Ball, of Blue Lick Springs, to Mr. J. C. Freeman, of Pocahontas, Va., occurs to-day at Carlisle. The bride is a daughter of Mr. Jos. Ball, and has relatives in this country. Mr. and Mrs. Freeman will be at home at Pocahontas after December 25th.

THE new South Methodist Church at Shelbyville was dedicated Sunday by Rev. H. C. Morrison, of Nashville. He was highly successful in raising the amount necessary to liquidate the debt on the church. Only \$3,800 was asked for, and the contributions aggregated \$4,100, leaving the church entirely free of debt. The building was erected at a cost of \$15,000, and is one of the handsomest edifices in the State.

PROVED AN ALIBI.

Charles Grose Acquitted of the Charge of Robbing James Maher.

Charles Grose was given a hearing Tuesday afternoon before Squire Howe on charge of robbery. The alleged offense was committed one night week before last at the tollgate just this side of Flemingsburg on the Mt. Sterling pike.

On the night in question three men called at the gate, aroused the keeper, Mr. James Maher, and after abusing and threatening him stole \$15, a watch and a set of silver spoons.

Mr. Maher identified Grose as a man who passed through the gate the evening before the raid, and who refused to pay full toll and threatened to attend to him later. He also thought Grose was one of the gang of robbers.

Grose admitted he had passed through the gate at the time mentioned, but denied making any threats, and swore he was at home in bed at the time of the raid. He also introduced two other witnesses, young ladies, who swore they passed through the room in which he was sleeping on the night of the raid, and that he was not away from home.

Squire Howe dismissed the warrant.

The offense was committed in Flemingsburg. Grose lives in Mason, near the county line. He was arrested by Constables Dawson and Purnell.

ORANGEBURG.

Mrs. A. C. Coryell was in Maysville Saturday. W. H. Thomas made a flying trip to the Queen City last week.

Mrs. W. H. Thomas visited friends in Lewis County Friday.

William Mayhugh made a business trip to Mt. Carmel Friday.

Mrs. E. Tolley, of Mt. Carmel, visited friends here Thursday last.

Mrs. Dudley Tolle and niece were the guests of R. P. Tolle last week.

James Roe and Lee Curtis were in Cincinnati Monday and Tuesday.

Charles Coryell and sisters, of Fleming, visited their uncle, D. C. Coryell, Saturday and Sunday.

Mrs. A. W. Bramel, of Mt. Gilead, is the guest of her parents, Mr. and Mrs. William Mayhugh.

Mrs. John Holliday, of Stone Lick, was the pleasant guest of the Misses Tolle on Wednesday.

Mrs. Charles Calvert and sister, Mrs. George Calvert, visited the family of H. Clay Stone, of Mt. Gilead, Saturday.

Messrs. Clarence Mathews and Orlando Cox, of Maysville, were out here in quest of the "festive cotton tail" last week.

Mr. George Turnipseed, who was called from his school duties by the sad death of his little niece, has returned and is at his post again.

Quite a number of our young people have been in attendance upon the protracted meeting which has been in progress at Mt. Carmel M. E. Church for several days.

Miss Bessie Dickson failed to fill her engagements with her music class at this place during the past week, being engaged in filling the place of organist at Mt. Carmel for the Jones-Morrison meeting.

The Greatest Discovery Yet.

W. M. Repine, editor Tiskilwa, Ill., "Chief," says: "We won't keep house without Dr. King's New Discovery for consumption, coughs and colds. Experimented with many others, but never got the true remedy until we used Dr. King's New Discovery. No other remedy can take its place in our home, as in it we have a certain cure for coughs, colds, whooping cough, etc." It is idle to experiment with other remedies, even if they are urged on you as just as good as Dr. King's New Discovery. They are not as good, because this remedy has a record of cures and besides is guaranteed. It never fails to satisfy. Trial bottles free at J. Jas. Wood's drug store.

Woodward School.

Mr. G. W. Blatterau, Superintendent: The following pupils of the Woodward school District No. 11 had their names on the roll of honor every day of the third month ending December 3rd: Kenton Insko, Henry McDowell, James Ingram, Leslie Insko, Willie Jones, Corlis Jones, Johnnie Disher, Lura Williams, Emma Jones, Eva Williams, Mantle Jones, Fannie Ingram, Ida Woodward. Yours, BETTIE SHERBON, Teacher.

Almost every man in America has some digestive trouble. When men meet, the greeting usually is, "Well, how are you?" That develops health talk. The man who has no bowel or stomach trouble is almost a curiosity. Trouble is men take no care of themselves. They eat as though they had copper stomachs and bowels of brass. By and by, overworked nature rebels. Then come headaches, nervousness, bad blood, liver and kidney troubles. Dr. Pierce's Pleasant Pellets furnish help for constipation and torpid liver, sick and bilious headache, dizziness, sour stomach, loss of appetite, indigestion, or dyspepsia, windy belching, "heartburn," pain and distress after eating, and kindred derangements of the liver, stomach and bowels. Accept no substitute.

Amending Our Election Laws.

WASHINGTON, Dec. 15.—The house committee on the election of the president, vice president and representatives in congress has reported favorably a joint resolution proposing an amendment to the constitution providing for the election of United States senators by the people instead of by state legislatures, and a bill allowing electoral returns to be sent by express and registered mail, instead of by messenger, as the law now provides.

Witnesses Fully Murdered.

BIRMINGHAM, Ala., Dec. 15.—Louis and John Bonner, two negroes who have been attending United States court here as witnesses against alleged White Cappers, were murdered in a foul manner last night near Kennedy, in Lamar county. The details are meager, but it comes that they were called out of their homes and shot down like dogs. The government has been notified and further trouble is feared.

Ex-Minister McDonald Dead.

LYNCHBURG, Va., Dec. 15.—Alexander McDonald, ex-minister to Persia, died here yesterday afternoon. His death had been expected for several days. He was born in Lynchburg about 70 years ago and lived here nearly all his life. He was connected with the Lynchburg Virginian from 1850 until 1893 and as editor of the paper was well known to politicians throughout the Old Dominion.

No Tariff Tinkering This Session.

WASHINGTON, Dec. 15.—The Dingley tariff law will not be changed in any of its customs features at the present session of congress. A general understanding to this effect has been reached among the Republican members of the ways and means committee, who feel that it is most desirable to avoid what is generally known as tariff tinkering.

River Steamer Sunk.

NATCHEZ, Miss., Dec. 15.—The steamboat Stella Wilds sank 25 miles below here yesterday. The passengers, crew and cargo were taken off by the steamer Lula Prince. The Wilds was valued at \$12,000, fully insured. She will be raised.

Accidentally Shot Himself.

KENNARD, Ind., Dec. 15.—Parker George, 26 years old, while trying to repair a revolver, accidentally discharged the weapon, a bullet passing through his instep. The nature of the injury makes his condition serious.

HOUSE AND SENATE.

Both Houses Adjourn Out of Respect to the Mother of the President.

WASHINGTON, Dec. 15.—The house yesterday after a session of about two hours adjourned out of sympathy for the president, whose mother was buried at Canton in the afternoon. The time of the session was devoted to the consideration of the legislative, executive and judicial appropriation bill. It was decided to postpone the consideration of the item providing for the maintenance of the civil service commission until after the other features of the bill had been concluded. It was apparent from the remarks made that the entire subject will be exhaustively debated. There is seemingly no disposition to curtail the discussion and it probably will not be concluded before the holiday recess. So absorbing is the topic that almost the entire time yesterday, despite the fact that the consideration of the question had been technically postponed, was consumed in debate upon it.

The senate was in session just 15 minutes, adjournment being taken out of respect to President McKinley, who was in attendance upon the funeral of his mother. The motion to adjourn was made by Mr. Hoar of Massachusetts. "All senators, said he, "are aware of the great calamity that has overtaken the chief magistrate of the nation. He is today in attendance upon the funeral of his mother. Out of respect to him and as an expression of sympathy for him in his affliction, I move that the senate do now adjourn."

No business beyond the introduction of bills and resolutions was transacted.

ONE KILLED AND SEVERAL INJURED.

Panhandle Passenger Train Collides With a Freight.

LOGANSPORT, Ind., Dec. 15.—The Panhandle passenger which leaves here for Chicago at 4:30 p. m. collided with a southbound freight near Royal Center shortly after 5 o'clock yesterday evening. The freight was trying to reach the switch at Boone station. Both engines were derailed and four freight cars thrown from the track.

William Cotter of Royal Center, riding on the baggage car, was killed.

William Menthor of Royal Center was badly injured.

Several passengers were bruised in the shake-up, and two small children of Mrs. Hardesty of Kewanna were painfully injured.

The track was cleared in two hours.

MISCHIEF DONE BY SPARROWS.

Carried Away the Mortar From Between the Bricks of a Chimney.

HAGERSTOWN, Ind., Dec. 15.—Another instance of the destructive powers of the English sparrow was exemplified yesterday. A large chimney on Shiveley's hardware building toppled and fell to the ground. It was discovered that sparrows had carried away all the mortar from between the bricks, thus leaving the stack of bricks uncemented, and a gust of wind overthrew it.

Upon examination another chimney on the same building was found to be in the same condition, and it was necessary to tear it down and rebuild it.

Train Robbers Captured.

SILVER CITY, N. M., Dec. 15.—News has just been received here that a special Wells-Fargo officer, J. N. Thacker, assisted by a posse of deputy United States marshals under Ciapriano Bacca, last night captured the entire gang of train robbers who, last Thursday, held up the Southern Pacific at Stein's pass, Grant county, in the fight incident to which one of the robbers was killed.

Depot Gutted by Fire.

LOWELL, Mass., Dec. 15.—The Merrimack street depot of the Boston and Maine railroad was gutted by fire last night. The building was constructed in 1853, and has been to Lowell what Fanueil hall is to Boston. It was here the body of the late General B. F. Butler was laid in state and many historic gatherings occurred in the halls above.

Threatened Strike.

CRAWFORDSVILLE, Ind., Dec. 15.—The miners under the control of Superintendent Fisher of the Crawford Coal company, in Clay county, who struck because the superintendent would not discharge a nonunionist, have served notice that unless their demands are complied with every man employed by the company will be called out.

Predicts a Blizzard.

FORT SCOTT, Kan., Dec. 15.—Professor G. Stockmeyer, a prognosticator of more or less fame, predicts a furious blizzard with disastrous gales will set in on or about the 21st inst., and continue for about two days throughout the northern and central states.

Child Choked to Death on a Peanut.

BELLEVILLE, Pa., Dec. 15.—Miles Stine, 3 years old, was choked to death on a peanut yesterday. His mother had just handed him one kernel, which he put into his mouth, and it immediately slipped down into his windpipe and he choked to death.

Done a Double Injury.

SELMA, Ind., Dec. 15.—John Cline, living five miles south of this place, accidentally shot off his thumb and finger with a shotgun. Grant Terrell, who was standing close by, received the charge in his hip. Amputation may be necessary.

A Clever Trick.

It certainly looks like it, but there is really no trick about it. Any body can try it who has lame back and weak kidneys, malaria or nervous troubles. We mean he can cure himself right away by taking Electric Bitters. This medicine tones up the whole system, acts as a stimulant to the liver and kidneys, is a blood purifier and nerve tonic. It cures constipation, headache, fainting spells, sleeplessness and melancholy. It is purely vegetable, a mild laxative, and restores the system to its natural vigor. Try Electric Bitters and be convinced that they are a miracle worker. Every bottle guaranteed. Only 50c a bottle at J. Jas. Wood's drug store.

LOUISVILLE TOBACCO MARKET.

Receipts and Sales of the New Burley Quite Liberal—Prices Very Satisfactory. The Old Crop.

[Furnished by Glover & Durrett, Louisville Tobacco Warehouse.]

Sales on our market for the week just closed amount to 2,549 hds., with receipts for the same period 2,013 hds. Sales on our market since January 1st amount to 163,437 hds. Sales of the crop of 1896 on our market to date amount to 141,907 hds.

New Burley.—Receipts and sales of new burley have been quite liberal and prices for all useful tobacco selling between \$6 and \$17, very satisfactory to sellers. The good and fine leaf that sells from \$17 to \$20 and the common green and frosted sorts that sell below \$5 have not met with the active competition that the grades mentioned above did. The bulk of the offerings are from the counties near Louisville, and the light weight and mixed condition of the packages should clearly prove to the trade that our estimate of the shortage in these counties will be fully verified. There has been several crops of new burley sold the past week that averaged from \$12 to \$12.90 round from the ground up.

Old Burley.—The offerings have been moderate; prices for common and medium leaf, when in good condition, show some improvement over previous week. The real good and fine leaf that should sell around \$20 is still neglected. Common sorts in bad condition were irregular and easier in price the first of the week but were very much stronger at the close.

The following quotations fairly represent our market for burley tobacco (1896 crop):

Trash (dark or damaged).....	\$ 2 50 @ 4 00

The Cincinnati Leaf Tobacco Warehouse Company, in its circular for the week, has the following:

The most interesting feature in last week's market was the increased offering of new tobacco. Quite a number of hogheads were sold at all the warehouses and prices reached up to \$17.25. The attention given to these goods and the active bidding on them makes it plain that nearly all the manufacturers want them, whether at present merely to test the merits of the new crop, or whether they will continue to take them at present figures remains to be seen. Certainly the interest in new stock during the week seemed greater than that in old. The latter, however, is also holding its own, and while the bidding in some cases is perhaps not as quick as it was three or four weeks ago, there are as good sales made at any time during the year, particularly when the goods are perfectly sweet.

We are glad to report to our patrons that the result of the recent election of Inspectors, appointing Messrs. Mann, Bradford and Hiles for the coming year, seems generally satisfactory to both shippers and buyers and considering the many expressions of confidence in the fairness of these men we can look forward to the best relations between the selling and buying element. With confidence between the two, matters promise to be very satisfactory.

The character of the new crop is developing to be much more desirable than it was generally expected; it has body and good color and will certainly be very serviceable. With these qualities and the small size of the crop we think there is no doubt that it will continue to command high prices.

The holidays being near at hand we don't look for large offerings during the next few weeks.
